Report On Seed-Balls Making Workshop

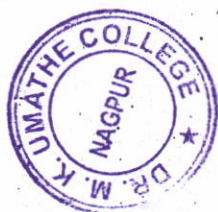

Date: 08 June, 2019

On June 8, 2019, a seed ball-making workshop was conducted at the Umathe College & Dept. of NSS in Nagpur. The event was organized in collaboration with the National Service Scheme and Vasundhara Mitra Parivar, Nagpur, along with media partner Maharashtra Times, Nagpur.

The program aimed to inspire people to participate in our selfless tree conservation efforts by inviting families, friends, colleagues, and cooperative societies to participate. Mr. Ajay Kambale of B-Organic and the Principal of Dr. M.K. Umathe College, Dr. D.V. Naik, organized the event.

Ms. Manda Umathe, the president of Satimata Shikshan Sanstha, and Mr. Kishore Umathe, the secretary, were present at the event. The program's objective was to create a clean and healthy environment for the upcoming generations, and the planting of seed balls played a crucial role.

The citizens of Nagpur, in collaboration with the event organizers, put in a concerted effort to produce seed balls and sow them in fallow soil to create a clean

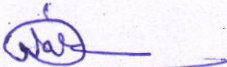

and green environment. Dr. D.V. Naik shed light on the importance of conservation efforts for a sustainable future.

After the seed balls were prepared, twelve stalls were set up to sow seeds of plants like mango, pomegranate, chickpeas, tamarind, and other plants. The seed balls were then spread across the surrounding area. The event was a success and provided a platform to inspire people to participate in conservation efforts.

The program also showcased the need for protecting our environment, and the participants made a significant contribution to the environment's preservation by creating a clean and healthy environment for future generations.
